Telephone Interview With The Examiner

Applicant thanks Examiner Vu for the telephonic interview conducted with Applicant's representation on November 9, 2004. During that interview, Applicant's representative explained that the claims contained grammatical and typographical errors. After discussing the claims and proposed amendments, Examiner Vu suggested that the Applicant file an amendment under 37 CFR 1.312. However, Applicant's representative received a voice mail message from the Examiner on November 15, 2004, suggesting that upon further review of the proposed amendments, that there was a likelihood that the proposed amendments would not be entered due to the number of claims to be amended and cancelled. Thus, Applicant submits this Request For Continued Examination with amendment to ensure entry and consideration.
